

Transforming MD HIMSS

1

Why?

Only a narrow slice of membership is actively involved. MD HIMSS has so much to offer – we want to make sure there is a place for everyone!

2

What?

Expanding the committee structure to include dedicated committees for all facets of health information management.

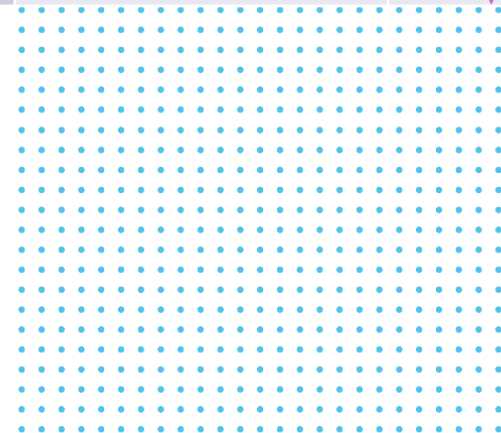

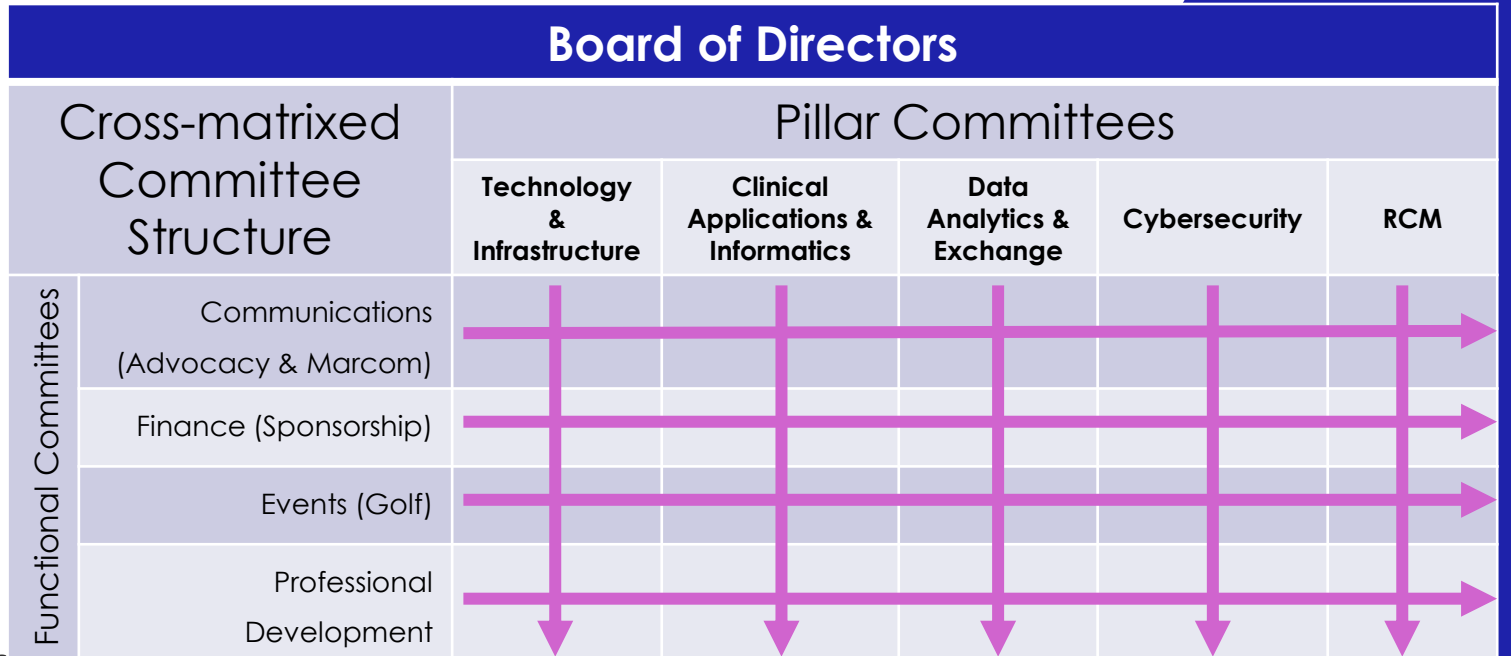

3

When?

Now! The transformation is taking place over the coming year (July to June).

A Seat For Everyone!

- Pillar Committees**
 - Chaired by Board-approved members
 - Execute Board-approved policy
 - Distributed membership/sponsor engagement/event planning
- Functional Committees**
 - Chaired by 2 Board Members
 - Ensure consistency across distributed functions
- Benefits**
 - Creates opportunities for members to be involved from where they are everyday
 - Creates opportunities for leadership/career growth
 - Creates path to engagement for all members/sponsors
 - Puts membership in charge of MD HIMSS!

- Membership/Partner engagement is endemic to the design – Secretary is the point person
- Governance remains at the board level
